qué es esa magia que poseen algunos escritores qué es esa mirada singular e instintiva que los distingue de otros escritores cuyas obras aunque elocuentes profundas y formalmente audaces carecen de vigor imaginativo desde sus inicios la obra de mario bellatin ha respondido a esta pregunta con la creencia eterna de que la ficción si bien efímera es el elemento más potente del universo leer incluso el más breve de los libros de bellatin confronta al lector con una convicción latente que no se expresa de manera explícita la ficción tratada con reverencia contiene más verdad que los hechos la escritura de bellatin nos presenta a una mente que aprecia la historia de la literatura y

está familiarizada con ella pero que también está eternamente seducida por un anhelo innato de hurgar y desmenuzar impulsada a mirar las posibilidades de la narración y del mundo desde distintos ángulos del prólogo de Mark Haber
